## **FOUNDATION AQUA VIDA EST & ASSOCIATION (CLUB) WELTSICHT & GAYA MEDIA**

The board of the Weltsicht association and the Aqua vida est Foundation forms the delegation of the decentralized contact point and is registered under foundation and association law in Switzerland - legally recognized at all levels worldwide. GAYA MEDIA represents the social currency network worldwide through its organization. Every organization that joins our network receives the same options for peaceful coexistence. Representatives of other organizations worldwide receive the option and invitation to enjoy and use the joint project planning (topic tree) and the basis of internal accounting via the template system / link as a key to co-operate. This happens automatically after registration / entry and due verification in order to participate interactively in the forum. We also prevent infiltration or arbitrariness with a precise registration process
